

ContentHandler

```
classDiagram
    class ContentHandler
    class TreeHandler
    TreeHandler --|> ContentHandler
```

A UML class diagram illustrating inheritance. At the top is a box labeled 'ContentHandler' with a light gray fill and a black border. Below it is a box labeled 'TreeHandler' with a white fill and a black border. A solid blue arrow points vertically from the top center of the 'TreeHandler' box to the bottom center of the 'ContentHandler' box, indicating that 'TreeHandler' inherits from 'ContentHandler'.
